Computer Disposal and Recycling

By Recycle Emirates

Your old computer equipment is our business. We are a computer recycler registered under the Government of UAE and offer an environmentally compliant computer recycling and disposal service to major Fortune 1000 companies, Banks and Governmental departments.

Does your office or store look like this ?

Let us help Dispose your Old / End of Life Electronic equipment
for you!!

IT Equipment Buyouts

Recycle Emirates pays top dollar for your old equipment. We can come to your location and assess the value of your old your equipment, or you can send us an inventory list.

IT Equipment De-Installation

If need be, our technicians can be sent to your location(s) to de-install your computer equipment, servers, telecommunications, networking and data centers in order for it to be transported to our Recycling facility.

Fast Pickup and Logistics

Recycle Emirates is a region wide service-provider, and specializes in working with companies that have multiple locations across the GCC. We are tied up with some of the region's largest logistics providers that can offer secure and timely pickup of your Old equipment.

Auditing, Testing & Repair

Processing, sorting, and testing of your equipment is done at our warehouse in Sharjah Airport Intl Free Zone. We test for functionality, repair equipment if needed, and break down scrap equipment into parts for later use. Everything is sorted and prepared for de-manufacturing and resale. Nothing is Landfilled.

Complete Audit

Once the equipment reaches our facility, we use a custom-made database program to inventory all incoming shipments. The client is provided with a detailed Audit list of the equipment that was processed. It consists of information concerning the brand, model, serial number, asset tag number(s), and other the process carried out on each individual Asset.

Data Destruction Guarantee

As technicians process your equipment, they destroy the data on your Hard drives and other storage media using proprietary Data erasure equipment that conform to the US department of Defense standards.

Remarketing

We re-market equipment to end users and wholesalers worldwide and sell on several different markets to get top dollar for your equipment

Recycling

We de-manufacture most scrap equipment at our facility. Equipment such as Computers, printers, and monitors are broken down into their base components: steel, aluminum, plastic, circuit board, glass, and copper.

Frequently Asked Questions

What types of materials do you accept?

Any and everything computer and electronics related, including, but not limited to:

PC's	Typewriters	Projectors	Software
Laptops	VCR's and DVD's	PDA's	Storage Media
Monitors	Stereos	Mice & Keyboard	Calculators
Televisions	Game Consoles	UPS & Batteries	Surge Protectors
LCD Panels	Telephone	Speakers	Plotters
Terminals	Cell phones	Movie Equipment	Telecom Equipment
Main frames	Printers	Test Equipment	And Much More.....

What do you pay for my equipment?

Send us an inventory list, and we will make you an offer. Depending on the volume of functional assets that you wish to dispose, in most cases we would offer a good residual value for it. However, if the equipment is beyond economic repair or scavenged for parts (damaged or missing components) we would gladly pick up the product FREE of charge and environmentally recycle it.

What happens to my data?

Our data destruction procedures comply with HIPAA, Gramm-Leach-Bliley Act, Sarbanes-Oxley Act, The patriot Act, and the Identity Theft and Assumption Deterrence Act. We will format all of your old hard drives with the same software that the US Federal Government uses on its computers

Are you registered with any agencies?

We are a registered company with Sharjah Airport Free Zone under the governing laws of Government of United Arab Emirates. We are also registered with Sharjah Chamber of Commerce

So you have insurance?

We carry \$2million worth of business liability insurance as well as business auto insurance and workers compensation.

Let us tailor a recycling and disposal plan that will meet your needs!

Contact us with your IT/ Electronic disposal requirements and our professionals will devise a solution that suits you.
